Dear Mr. Sisk:

Thank you for your recent permission for the State to access your property for our environmental investigation(s).

This courtesy notification is to make you aware of planned remedial investigation (site reconnaissance) activities at above site on **Thursday, June 19, 2014**.

The Unit will be conducting non-invasive and/or invasive investigation of environmental contamination (e.g. contaminated soil, water air, etc.) associated with this pre-1983 waste disposal site. These activities are conducted in accordance with N.C.G.S. 130A-310.6(c) and (d). **CDM Smith Inc.**, an environmental firm under contract with the state will perform remedial investigation activities approved by the Unit. **You don't have to be present during the investigation.**

Information collected during the remedial investigation activities will be used to understand the nature and extent of the contamination and what remedial action is needed to protect human and/or the environment.

Please call me at (919)-707-8347 or email me at [zi-qiang.chen@ncdenr.gov](mailto:zi-qiang.chen@ncdenr.gov) with any questions or comments.

Sincerely,
